BE IT ORDAINED by the Borough Council of the Borough of Elmwood Park, in the County of Bergen, New Jersey, as follows:

Section 1. The Borough of Elmwood Park, in the County of Bergen, State of New Jersey (the "Borough") is hereby authorized to undertake the resurfacing of portions of Miller Avenue, Summit Avenue and 1st, 2nd and 3rd Streets (including construction of ADA compliant sidewalk ramps and curb and drainage improvements, where necessary) in, by and for said Borough. Said improvements shall include all work, materials and appurtenances necessary and suitable therefor. It is hereby determined and stated that said roads being improved are of "Class B" or equivalent construction as defined in Section 22 of the Local Bond Law (Chapter 2 of Title 40A of the New Jersey Statutes Annotated, as amended; the "Local Bond Law").

Section 2. The sum of \$245,000 is hereby appropriated to the payment of the cost of making the improvements described in Section 1 hereof (hereinafter referred to as "purpose"). Said appropriation shall be met from the proceeds of the sale of the bonds authorized and the down payment appropriated by this ordinance. It is anticipated that a \$185,000 grant from the Bergen County Community Development Program, pursuant to the Federal Housing and Community Development Act, shall be received by the Borough to finance the cost of the improvements described in Section 1 hereof. Said improvements shall be made as general improvements and no part of the cost thereof shall be assessed against property specially benefited.

Section 3. Section 4. It is hereby determined and stated that moneys exceeding \$12,000, appropriated for down payments on capital improvements or for the capital improvement fund in budgets heretofore adopted for said Borough, are now available to finance said purpose. The sum of \$12,000 is hereby appropriated from such moneys to the payment of the cost of said purpose.

Section 5. To finance said purpose, bonds of said Borough of an aggregate principal amount not exceeding \$233,000 are hereby authorized to be issued pursuant to the Local Bond Law. Said bonds shall bear interest at a rate per annum as may be hereafter determined within the limitations prescribed by law. If the aggregate amount of outstanding bonds and notes issued pursuant to this ordinance shall at any time exceed the sum first mentioned in this section, the moneys raised by the issuance of said bonds shall, to not less than the amount of such excess, be applied to the payment of such notes then outstanding.

Section 7. - B. The preparation of potentially hazardous foods, such as cream-filled pastries, custards and similar products and meat, poultry and fish in the form of salads or sandwiches, shall be prohibited, provided that this prohibition shall not apply to hamburgers, frankfurters and other food which, prior to service, requires only limited preparation, such as seasoning and cooking; and provided, however, that potentially hazardous food which is obtained in individual servings is stored in approved facilities which maintain such food at safe temperatures, below 45° F. or above 140° F., and is served directly in the individual, original container in which it was packaged at a food-processing establishment, may be distributed or sold.
- C. Ice which will be consumed, or which will come into contact with food shall be contained from a source meeting standard approved by law in chipped, crushed or cubed form. Such ice shall be obtained in single service, closed, protected containers satisfactory to the Department or health authority and shall be held therein until used.
- D. Wet storage of packed food and beverages shall be prohibited, provided that wet storage of pressurized containers of beverages may be permitted when:
 - (1) The water contains at least 50 parts per million of available chlorine or equivalent; and
 - (2) The iced water is changed frequently enough to keep both the water and container clean.
- E. Food contact surfaces of food preparation equipment such as grills, stoves and worktables shall be protected from contamination by dust, customers, insects or any other source. Where necessary, effective shields shall be provided.
- F. Equipment shall be installed in such a manner that the establishment can be kept clean and food will not become contaminated.

- H. Liquid waste which is not discharged into a sewerage system shall be disposed of in such a manner as not to create a public health hazard or nuisance condition.
- I. Adequate facilities shall be provided for employee handwashing. Such facilities may consist of a pan, water, soap and individual paper towels. Handwashing facilities shall be provided for employee handwashing for mobile retail food service establishments where food products are directly handled and fabricated, but need not be provided for mobile units serving prepackaged foods, milk, cold sealed beverages and tea, coffee, hot chocolate or other hot drinks at temperatures about 140° F.
- J. Floors shall be of tight wood or other cleanable material, provided that the Department or health authority may accept dirt or gravel-covered floors, when graded to preclude the accumulation of liquids and covered with removable, cleanable, wooden platforms or duckboards.
- K. Walls and ceilings shall be so constructed as to minimize the entrance of flies and dust. Temporary construction may be accepted. Ceilings may be of wood, canvas or other materials which protect the interior of the establishment from the elements, and walls may be of such materials or of sixteen-mesh screening or equivalent. When flies are prevalent, counter-service openings shall either be equipped with self-closing, fly tight doors or the opening shall be so limited that the fans employed will effectively prevent the entrance of flies.
- L. Any other requirement deemed necessary by the Department or health authority to protect the public health in view of the particular nature of the food service operation shall be met.

PUBLIC COMMENT

Kenneth Arabia, Locust Street, stated that there are issues on Market Street as cable/electrical wires are hazardously hanging over a sidewalk/near a tree and the new flags on the light poles can't be seen because the lights are not working effectively. He raised his concerns over motorists not stopping for pedestrians at crosswalks and stop signs. Lastly, he thanked the Mayor and Council for the Summer Concert series and asked about the status of the tax bills.

Iwona Debowski, Rudolph Avenue, addressed the Mayor and Council by informing them of major flooding issues she is experiencing at her home.

Jeanne Freitag, Hillman Drive, questioned if the new stop signs will be installed prior to the start of the school year and if, moving forward, the Borough will continue with "boxing out" no parking zones as opposed to painting the curbs. Additionally, she informed the Governing Body

that there is still an issue with individuals parking illegally at corners and announced that the Saint Leo's Festival will take place on August 24th.

A motion was made by Councilwoman Wechtler and seconded by Councilwoman Ingui to adjourn. Motion carried unanimously.

Respectfully submitted,

Erin Delaney, MPA
Acting Borough Clerk
