INTENT OF THIS ORDINANCE

The intent of this Ordinance is to amend the part of the ordinance, to allow the Borough to undertake responsibility of repairing and/or replacing deteriorating street curbs under certain circumstance. Thereby limiting the property owner's obligation, under those specific circumstances, of maintaining and repairing said street curbs.

WHEREAS, the Mayor and Council have become aware of health and safety concerns that exist with regards to the conditions of many of the Borough's street curbs, and in order to protect the health and safety of the residents of the Borough of Elmwood Park and also extending assistance to the residents and owners of properties; and

WHEREAS, the Mayor and Council of the Borough of Elmwood Park have concluded and determined that the disrepair and deteriorating conditions of certain street curbs are and have become a hazard to the health, safety and the welfare of the public; and

WHEREAS, the Mayor and Council have further recognized that under certain circumstances it would be an unreasonable financial burden to place the obligation upon the particular property owner to be responsible for the repair or replacement of any such street curbs and in order to divert and assist the particular property owners and lessen this financial burden.

NOW THEREFORE BE IT ORDAINED by the Mayor and Council of the Borough of Elmwood Park, County of Bergen, and State of New Jersey as follows:

SECTION 1: Chapter XXII of the Code of the Borough of Elmwood Park entitled "Streets and Sidewalks" more specifically section 22-3 entitled "Curbs and Sidewalks" more specifically sub-section 22-3.2 entitled "Maintenance and Repairs" is hereby amended to contain the following language:

"Upon the event, and solely upon such occurrence, that the Borough has or will undertake the obligation to repave any roadway in the Borough and the particular project is approved and bidding has been awarded and work has begun or will begin, the Borough Engineer shall determine if a curb or span has to be replaced. In determining such need, the engineer shall take under consideration the following criteria:

1. The curb should be replaced, if upon his sole discretion of the Borough engineer, is determined to be 30% or more of the exposed curb is missing or as recommended by the council. and/or
2. The curb should be replaced if upon observation of the Borough engineer, and if it can be observed solely, by visual inspection, that the span is not fixed in place or can be observed to be movable due to the separation from, or lack thereof, subsurface curb to hold the curb in place throughout the duration of the towns improvements to the roadway in question. and/or
3. The curb should be replaced if it does not meet certain building code requirements. and/or
4. The curb should be replaced if there is compromised integrity where it can be anticipating the curb will break up or will be damaged in the milling process. and/or
5. The curb should be replaced if 30% of the exposed curb in any portion thereof is not properly attached to the remainder of the span whereas a span of curb is designated to be non-monolithic and fully separated from the sidewalk, roadway, and any other span of curb. However, 30% is a mere guide and is not a fixed or a requirement but it is stated solely for a guide to logically set a minimal point reference when the curb should need to be replaced.
6. At all times, notwithstanding the language in this ordinance, it will remain the discretion of the Mayor and Council to determine after advice of the Borough engineer whether or not any particular curbing should be replaced.

Upon the above replacement and repaving criteria and condition, the property owners adjacent to the said roadway in which the Borough replaces the curbs based upon the above will not be responsible for the costs of the replacement of curb. However, the property owners will continue to be responsible for said curb in the future as setforth in this prior section of the ordinance.”

SECTION 2. In the event any section, part or provision of this Ordinance shall be held unconstitutional or invalid by any Court, such holding shall not affect the validity of this Ordinance or any remaining part of this Ordinance other than the part held unconstitutional or invalid.

SECTION 3. All ordinances or parts thereof, which are inconsistent with the provisions of this Ordinance, are hereby repealed to the extent of their inconsistencies.

SECTION 4. This Ordinance shall take effect immediately upon its final passage and publication as required by law.

AUTHORIZE PAYMENT FOR CROSSING GUARDS

WHEREAS, since March 16, 2020, schools in Elmwood Park have been closed due to concerns over COVID-19, commonly referred to the coronavirus; and

WHEREAS, since schools have been closed, crossing guards have been out of work without pay; and

WHEREAS, the Borough did pay crossing guards up to 10 days of unused “paid time off” it normally would have paid to guards at the end of the 2019-2020 school year; and

WHEREAS, it appears that schools will remain closed and crossing guards out of work without pay for the foreseeable future while the state, nation and world deal with the current health pandemic; and

WHEREAS, crossing guards are in a unique situation in that they are unable to work because of ordered school closures; and

WHEREAS, certain crossing guards are the only Borough employees who do not meet the weekly threshold to qualify for unemployment insurance benefits; and

WHEREAS, the Mayor and Council deem the non-payment of salary a hardship for those crossing guards who do not qualify for unemployment and, thus, have no other available safety net of wage replacement;

PUBLIC COMMENT

Borough Clerk Delaney read the following into the record which was submitted via e-mail by Anthony Gadaleta of Elmwood Drive:

I have known Mr. Fasolo since I was a high school student back at Elmwood Park Memorial High School. He was my history teacher during my senior year. He is one of the kindest people I know and always made learning interesting and engaging to me and our class. He was one of my favorite teachers during my academic years at Elmwood Park. I graduated in 2017. Now that I am a third-year college student at Ramapo College of New Jersey as a Communication Arts Major with a concentration in Journalism, he has been a mentor to me in helping to contribute to a recent academic endeavor where I highlighted the town and his position as town councilman. I am proud to see his many accomplishments in helping our community grow and prosper. With the recent coverage of the COVID-19 pandemic, coming together has never been more crucial and we will get through this. This too shall pass. Thank you for all that you have done for me in pushing me to strive to academic success and everything that you have done and continue to do for the town of Elmwood Park.

Once a Crusader, always a Crusader!

Sincerely,
Anthony Gadaleta

Borough Clerk Delaney read the following into the record which was submitted via e-mail by Jeffrey Freitag of Hillman Drive:

1. R-176-20, Ordinance 20-15, "Traffic", (Stop Sign Distance), The fifth paragraph has "Whereas" misspelled; is the word "permit" correct? Should the distance be 25 feet or 20 feet as mentioned in the eighth paragraph?
2. R-177-20 Ordinance 20-10. As I recall from prior meetings it was discussed that it would also apply to other entities such as PSE&G who are repaving roads as a result of utility work that a review of curbing by a Borough assigned representative would be completed and if needed curbing would be replaced at the expense of the Borough. The ordinance does not state this.
3. R-182-20; Purchase of Wheel Load Scales; \$10,190. I assume that these are going to be use on local highway -Do most police departments in the area perform these vehicle stops? How many police officers are going to be assigned to this task? How often? Is there enough staff? Will the monies for this purpose come from another source?
4. R-183-20; Mini-Pumper Change Order. What, specifically is this \$3,668 for?
5. R-186-20; Payment for Crossing Guards_ Do all not qualify for unemployment and if so, is it required that they obtain a letter stating such from unemployment?
6. R-190-20; Emergency Sewer issue/repair. Was this repair done in conjunction with EPDPW personnel? Why was it so costly? \$68,249.95
7. R-191-20; Emergency Sewer "Improvements" for \$155,000 . Why so costly?

Additionally, Mr. Freitag spoke during the Public Comment portion to thank everyone for their responses to his questions.

A motion was made by Councilman Golabek and seconded by Councilwoman Ingui to adjourn. Motion carried unanimously.

Respectfully submitted,

Erin Delaney, MPA, RMC
Borough Clerk
