**INTENT OF THIS ORDINANCE**

The intent of this Ordinance is to amend the part of the ordinance to place a much-expanded burden on a permittee, whether that permittee is a public or private entity, to undertake the responsibility of repairing and or restoring and or replacing pavement after a trench opening on any roadway of the Borough.

**WHEREAS**, the Mayor and Council have become aware that there exists, with regards to the conditions of many of the Boroughs streets, as a result of street opening and the effect that it has on the health and safety of the residents of the Borough, resulting in improper repaving by a permittee which causes unlevel and uneven pavement of the roadway; and

**WHEREAS**, the Mayor and Council of the Borough of Elmwood Park have concluded that these created conditions referred to above have become a hazard to the health, safety, and welfare of the public.

**NOW THEREFORE BE IT ORDAINED** by the Mayor and Council of the Borough of Elmwood Park, County of Bergen, and State of New Jersey as follows:

**SECTION 1:** Chapter XXII of the Code of the Borough of Elmwood Park, entitled "Streets and Sidewalks," more specifically section 22-1.15 entitled "Restoration by Permittee," is hereby amended and replaced with the following language:

- A. The Borough may grant permission on the permit to the permittee to permanently restore, with his own employees or a contractor approved by the Borough, the pavement in a manner satisfactory to the Borough. Temporary restoration of pavement is to be made immediately after the trench has been properly backfilled and compacted, and the permanent restoration of the pavement shall be made within three months, weather permitting, from the date the temporary pavement was installed, and such permanent restoration shall, as nearly as possible, duplicate the original pavement in type material, color, and texture of the surface. The term "pavement," as used in these regulations, shall include the foundation for the surface of the roadway, except where penetration pavement existed, in which case it will be necessary for the permittee to replace the surface with Type 1 material, or such material as required by the Borough Engineer.
- B. When the trench opening is perpendicular on the roadway that being curb to curb or any part thereof, the width of the permanent pavement restoration shall be extended for a minimum of ten (10) feet on each side of the trench and beyond the limits of the temporary pavement restoration and shall be saw-cut or milled to form a straight stable edge of the existing bituminous surface.
- C. When the trench opening is horizontal to the roadway, then and in that situation, the width of the permanent pavement restoration shall be extended curb to curb on each side of the trench for the length of the trench the pavement restoration and shall be milled to abut the curbs on both sides of the roadway. Should there not exist any curbs, then in such event, a stable edge of the pavement restoration shall be milled to form a straight stable edge of the existing bituminous surface and or gutter portion of the roadway.
- D. All struck edges, and the overlapping surface edge shall be coated with asphaltic cement to bind the bituminous concrete to the surrounding existing bituminous concrete.
- E. The permanent pavement restoration shall be HMA 95M64, 12M64, or an equivalent surface course applied as specified by the Town Engineer.
- F. Newly restored bituminous surfaces shall be at least two and one half inches thick following compaction and level with the original grade and section.
- G. All saw-cut edges of the existing bituminous surface shall be tact coated and sealed to form a water-tight flexible seal between the two roadway surfaces.

**SECTION 2.** In the event any section, part, or provision of this Ordinance shall be held unconstitutional or invalid by any Court, such holding shall not affect the validity of this Ordinance or any remaining part of this Ordinance other than the part held unconstitutional or invalid.

**SECTION 3.** All ordinances or parts thereof, which are inconsistent with the provisions of this Ordinance, are hereby repealed to the extent of their inconsistencies.

**SECTION 4.** This Ordinance shall take effect immediately upon its final passage and publication as required by law.
